

#cleanYOURblock Social Media

This year's Great American Cleanup social theme — “#cleanYOURblock” — encourages volunteers and participants to take what they learn from experiencing a public space Great American Cleanup event and bring those lessons home to organize an event in their neighborhood or even on their own block. Keep America Beautiful is providing activity ideas and other online resources, encouraging participants to celebrate their hard work and accomplishments with neighbors, friends and family.

When sharing on social, we encourage you to use our 2018 Great American Cleanup hashtags #cleanYOURblock and #DoBeautifulthings to share the when, where and what of your Great American Cleanup event. Create your own post or use some of our sample posts below for easy sharing.
